## CMA SUBCOMMITTEE ON BIOETHICS & HUMAN RIGHTS

The Commonwealth Medical Association is pleased to establish a subcommittee to advance, advocate for, and influence the BIOETHICS & HUMAN RIGHTS. This subcommittee will focus on developing strategies for ethical values and establishing the dignity of human life through collaboration with member countries and health organizations. CMA has signed a MoU with the UNESCO Bioethics Chair at Haifa. This partnership aims to enhance research and educational initiatives that promote bioethical standards globally. Furthermore, the subcommittee will strive to develop guidelines that guarantee the respect of human rights in all medical practices and policies.

I request that the Chairman and Convenor organize a Zoom meeting with all members to formulate a roadmap for this broader mission. Please notify all executive members about the Zoom meeting, as their support is crucial. CMA is dedicated to enhancing our collaboration with all affiliated organizations to empower one another. We must consolidate our efforts to confront these difficulties directly for the benefit of our community. We can attain significant advancements, protect human rights at all levels, and ensure zero tolerance against unethical practices
