CMA SUBCOMMITTEE ON YOUTH EMPOWERMENT INITIATIVE

The Commonwealth Medical Association is pleased to establish a subcommittee to advance, advocate for, and influence the STOP TB initiative. Two-thirds of the world's tuberculosis patients live in the Commonwealth area. Because of this, CMA executives make it a priority to use government and National Medical Association resources to create plans to protect and prevent vulnerable groups.

I request that the Chairman and Convenor organize a Zoom meeting with all members to formulate a roadmap for this broader mission. Please make sure to notify all executive members about the Zoom meeting, as their support is crucial. CMA is dedicated to enhancing our collaboration with all affiliated organizations to empower one another. We must consolidate our efforts to confront these difficulties directly for the benefit of our community. Collectively, we can attain significant advancements and protect the welfare of those in need.

Immediate Past President

Dr. Muruga Raj Rajathurai
