CMA SUBCOMMITTEE ON YOUTH EMPOWERMENT INITIATIVE

The Commonwealth Medical Association is pleased to establish a subcommittee to advance, advocate for, and influence the Youth Empowerment Initiative. This initiative aims to provide young individuals with the necessary resources, skills, and support to take charge of their health and well-being. By fostering collaboration among health professionals, educators, and community leaders, the subcommittee seeks to create impactful programs that inspire and engage youth in proactive health practices.

I request that the chairman and convenor organize a Zoom meeting with all members to formulate a roadmap for this broader mission. Please make sure to notify all executive members about the Zoom meeting, as their support is crucial. Also, this subcommittee will work with the CMA young doctors forum and the officials of this forum shall be also included. CMA is dedicated to enhancing our collaboration with all affiliated organizations to empower one another. We must consolidate our efforts to confront these difficulties directly for the benefit of our community. Collectively, we can attain significant advancements and protect the welfare of those in need
